

Luxury Hair & Body Care

Amber & Cedarwood with Kiwifruit Extract

About Marihi

Marihi is the Māori word meaning precious, prized and valuable.

Marihi Aotearoa blends iconic design with quality fragrances and an added twist - a social conscience.

We care about our national icon - the kiwi. This gentle nocturnal animal is near extinction that's why we are actively working the NZ conservation trust to save our national icon.

Your hotel can stand out by engaging guests in your charitable giving programme to save the kiwi. \$4 of every carton of Marihi toiletries will be donated to the Kiwi Creche.

Made by Kiwis for Kiwis

Crafted right here in New Zealand, Marihi has a unique fragrance blended of Amber & Cedarwood with Kiwifruit extract, formulated to be enjoyed by both male and female guests.

What's special about Marihi is not only what is in the product but more importantly what is not in the product.

Partnering with Marihi

When you partner with Marihi your hotel will stand out by engaging guests in your charitable giving programme to save the Kiwi.

The Marihi Promise

I will restore you.

I will revive you.

And together we will do the same for the Kiwi.
